5 of 5 people found the following review helpful. Better than I rememberedBy Kim WalterI last used an ICD-9 book over 15 years ago and this edition is better than I remembered. This one has great illustrations in the front and helpful information and pictures alongside some of the codes. It reduces the need to go looking in a medical dictionary.0 of 0 people found the following review helpful. 2012 ICD-9-CM for Physicians, Volumes 1 and 2... Carol J.
