Inc. BarCharts : Acupressure (Quickstudy: Academic) before purchasing it in order to gage whether or not it would be worth my time, and all praised Acupressure (Quickstudy: Academic):

0 of 0 people found the following review helpful. too technical for meBy DJWUnless you know what you are doing with acupressure, this chart is too advanced. I wanted a chart to tell me where to put my ear seeds, but this uses technical terms that mean nothing to me. I was looking for a chart that would say that this point controls anxiety or put here for hunger or pain. This is probably great for someone who knows what drilling bamboo means by a point on the eye.3 of 3 people found the following review helpful. For me, the massage therapy acupressure tool, along ...By CustomerFor me, the massage therapy acupressure tool, along with acupressure chart, were more helpful than 12 physical therapy sessions and I continue to benefit from both!2 of 2 people found the following review helpful. Easy to useBy Jessica WurzelEasy to use, easy to follow. I bought the epidermal layer acupuncture tabs and have loved being

able to self-treat at home in-between sessions. This comes laminated to boot so easy to store and durable.

Complete, labeled illustrations of acupressure points in the human body. From pre-teen to pre-med, this chart is loaded with beautifully illustrated diagrams, clearly and concisely labeled for easy identification. Illustrations by award-winning medical illustrator Vince Perez.
