An Introduction to Human Disease: Pathology and Pathophysiology Correlations, Eighth Edition provides students with a clear and well-illustrated explanation of the structural and functional changes associated with disease, the

clinical manifestations of disease, and how to determine treatment. Ideal for Pathology, Pathophysiology, or Human Disease courses, the first part of the text deals with general concepts and with diseases affecting the body as a whole. The second part considers the various organ systems and their diseases.

About the Author Crowley is Clinical Assistant Professor, Department of Laboratory Medicine and Pathology, University of Minnesota Medical School, Minneapolis.
