Only downside was that they were stuffed so hard into the box that I had to take out 50 just to get started! Still worth it.0 of 0 people found the following review helpful. GREAT BUY YOU WONT BE SORRYBy Paloma HillVery helpful and informative. Worth every penny. I wish I would have bought these before the semester but I'm so happy I have them now0 of 0 people found the following review helpful. Great, good for studying.By rosieThe cards are a bit thin and can easily bend. But still like them and see very useful.
