Robert Klein, George C. Enders PhD : Anatomy Histology and Cell Biology PreTest Self-Assessment and Review 5/E before purchasing it in order to gage whether or not it would be worth my time, and all praised Anatomy Histology and Cell Biology PreTest Self-Assessment and Review 5/E:

The closest you can get to seeing the USMLE Step 1 without actually taking it! Essential for course review and the USMLE Step 1, Anatomy, Histology, Cell Biology: PreTest asks the right questions so you will know the right answers. It delivers 500 clinical-vignette style questions and answers, along with detailed explanations of correct and incorrect answers. The content has been reviewed by students who recently passed their exams to ensure the most relevant, up-to-date material possible. No other study guide targets what students really need to know like titles in the PreTest series. Content covers the core competencies of anatomy, histology, and cell biology. Numerous tables and figures make it easy to understand and remember important information. Referenced to major texts and seminal articles for further reading. Format complements other review material and works in conjunction with larger course books.
