**Kathryn A. Booth RN MS, Terri D. Wyman, Virgil Stoia : Anatomy, Physiology, and Disease for the Health Professions** before purchasing it in order to gage whether or not it would be worth my time, and all praised Anatomy, Physiology, and Disease for the Health Professions:

0 of 0 people found the following review helpful. easy reading!By sunshineThis is the book I needed for my class....easy reading!0 of 0 people found the following review helpful. Five StarsBy Andrew Matheausas expected0 of 0 people found the following review helpful. HappyBy CustomerProduct was exactly like was told and advertised and is in wonderful shape it's practically a brand new book for a fraction of the price of a new one

Anatomy, Physiology and Disease for Health Professions connects human diseases and disorders to anatomy and physiology through application and clinical-based approaches. This edition offers a completely redesigned learning experience through larger, more focused art and expanded table of contents. Students will feel a new sense of engagement and motivation through Chapter Opening Case Studies that unfold as they move through each chapter.

Updated learning objectives and a wider variety and quantity of questions and exercises for have also been included with this edition.

About the Author Kathryn A. Booth, RN-BSN, RMA (AMT), RPT, CPhT, MS is a registered nurse (RN) with a masters degree in education as well as certifications in phlebotomy, pharmacy tech, and medical assisting. She is an author, an educator, and a consultant for Total Care Programming, Inc. She has over 30 years of teaching, nursing, and healthcare experience that spans five states. As an educator, Kathy has been awarded the teacher of the year in three states where she taught various health sciences, including medical assisting in both a classroom and an online capacity. Kathy serves on the AMT Examinations, Qualifications, and Standards committee, as well as the advisory board for two educational institutions. She stays current through working at various practice settings as well as obtaining and maintaining certifications. Her larger goal is to develop up-to-date, dynamic healthcare educational materials to assist her and other educators and to promote healthcare professions. In addition, Kathy enjoys presenting innovative new learning solutions for the changing healthcare and educational landscape to her fellow professionals nationwide.

Terri D. Wyman, AS, CPC, CMRS has 35 years of experience in the healthcare field, first as a CMA specializing in hematology/oncology and homecare and then in the medical billing and coding field. At the suggestion of a coworker, she began her career in education as instructor and program director for both medical assisting and medical billing and coding programs for several technical schools in New England. Currently, Terri is the financial applications analyst at Baystate Wing Hospital, where her love of teaching continues in the hospital setting. She is active with her local AAPC chapter and is on the National Advisory Board for the American Medical Billing Association (AMBA). She provides continuing education opportunities for AMBA members by writing numerous billing and coding programs and speaking at their national conferences on medical coding topics, including ICD-10. In the rapidly changing world of healthcare billing and coding, she is excited to continue sharing the language of billing and coding with instructors, students, and career professionals. Terri sends special thanks to Dale for his unending support and to Francis Stein, MD, whose patience with a new medical assistant years ago showed her the joy of learning and education.
