Judith Goodenough, Betty A. McGuire : Biology of Humans: Concepts, Applications, and Issues (6th Edition)
before purchasing it in order to gage whether or not it would be worth my time, and all praised Biology of Humans: Concepts, Applications, and Issues (6th Edition):

0 of 0 people found the following review helpful. ... book I needed for school and was brand new like I wantedBy FrancisGot the book I needed for school and was brand new like I wanted. Will definitely do business again.0 of 0 people found the following review helpful. Five StarsBy Swirbul L.excellent service and product0 of 0 people found the following review helpful. Actually received a different edition, but still okay.By John P.I ordered this for my human biology class. When it arrived, it was actually the 2nd edition. I was too lazy to send it back, so I dealt with it. The book itself is good with details and pictures, and there's only little difference between the 2nd and 3rd edition.

For courses in non-majors biology.Helps students learn the concepts and applications of human biology using relevant topics and realistic scenarios Known for its unique Special Topic chapters and emphasis on everyday health concerns, the 6th Edition of Biology of Humans: Concepts, Applications, and Issues continues to personalize the study of human

biology using a conversational writing style, vibrant, easy-to-follow illustrations, abundant applications, and a new emphasis on using everyday science literacy skills. The authors provide a practical, friendly introduction to the study of the human body, preparing readers to navigate today's rapidly expanding and shifting world of health information. Each chapter now features brand-new Consider This Case exercises and Finding and Evaluating Information activities that challenge readers to think critically and apply their knowledge to solve real-world cases. Along with scientific updates and content improvements throughout the text, the 6th Edition also includes a new Special Topic chapter on the Obesity Epidemic. Note: You are purchasing a standalone product; Mastering Biology does not come packaged with this content. Students, if interested in purchasing this title with Mastering Biology, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. If you would like to purchase both the physical text and Mastering Biology, search for: 0134056671 / 9780134056678 Biology of Humans: Concepts, Applications, and Issues Plus Mastering Biology with eText -- Access Card Package, 6/e Package consists of: 0134045440 / 9780134045443 Biology of Humans: Concepts, Applications, and Issues, 6/e
