Inc. BarCharts : Biology (Quick Study: Academic) before purchasing it in order to gage whether or not it would be worth my time, and all praised Biology (Quick Study: Academic):

0 of 0 people found the following review helpful. Simple and accurate By Elaine This is a good way to introduce basic biology to my son when he's tired of doing math and grammar work. 0 of 0 people found the following review helpful. Five Stars By Chris Quick and easy cheat sheet for bio. 0 of 0 people found the following review helpful. I really like this one. By Dedicated Shopper Good information for review.

BarCharts best-selling quick reference to biology has been updated and expanded in this latest edition. With updated content and an additional panel of information, this popular guide is not only an essential companion for students in introductory biology courses but also a must-have refresher for students in higher-level courses. Author Randy Brooks, PhD, a scientist and university professor, has a gift for making the complicated subject of biology easy to

understand, from evolution to population genetics without the fluff. In this new edition, you will find more coverage of the subject, including expanded sections on reproduction in animals, as well as helpful illustrations and diagrams, making this a study tool you won't want to be without.
