PRENTICE HALL : Biology before purchasing it in order to gage whether or not it would be worth my time, and all praised Biology:

1 of 1 people found the following review helpful. Three StarsBy Eileen Rodriguezgood1 of 1 people found the following review helpful. Five StarsBy amarilis frontanesExcellent0 of 0 people found the following review helpful. Five StarsBy deana costianesIt was in excellent shape. Perfect for my granddaughter's school needs.

A great option for low-level and inclusion classrooms, with digital support on Biology.com. Authors Ken Miller and Joe Levine deliver the same trusted, relevant content in more accessible ways! Written at a lower grade level with a reduced page count, the text offers additional embedded reading support to make biology come alive for struggling learners. Foundations for Learning reading strategies provide the tools to make content accessible for all your students.
