Mayur Movalia MD, Theodore X. O'Connell MD : Brochert's Crush Step 3: The Ultimate USMLE Step 3 Review, 4e before purchasing it in order to gage whether or not it would be worth my time, and all praised Brochert's Crush Step 3: The Ultimate USMLE Step 3 Review, 4e:

2 of 3 people found the following review helpful. Fine for informationBy Slam CramptonFine for information, but you don't really need this for step 3- --I advise doing as many questions as possible, you don't need to read anything really. Answers to the test itself are not easy to take from material in books like this, it's more about judgement and management and less about information, if that makes sense2 of 3 people found the following review helpful. Good oneBy sivaramGood book to read4 of 6 people found the following review helpful. ... Board exam and thus far is very concise with excellent tips. Probably repost after taking and receiving scoresBy James YiUsing for Step 3 Board exam and thus far is very concise with excellent tips. Probably repost after taking and receiving scores.

This best-selling resource is completely updated, and still the most easy-to-use and effective high-yield review for USMLE Step 3. Covering all specialties and subspecialties included on the exam, it's perfect for the busy house officer who needs a review that hits all the important and commonly tested concepts in a concise format. Over 100 high-yield figures illustrate important concepts, conditions, and imaging modalities. Get tips, insights, and guidance on how best to prepare and what to expect with the reader-friendly, succinct, and engaging writing style of best-selling author Adam Brochert, MD. Features tips on the computer-based case simulations to prepare you for essential elements of the exam. Draws upon the personal experience of the best-selling author of USMLE reviews, Adam Brochert, MD, for trustworthy tips on how to study for the exam. Organizes material logically and allows quick spot review using bulleted and numbered lists, as well as many tables throughout the text. Presents updated case scenarios mirroring those on the Step 3 exam to keep you abreast of changes to the exam. Includes additional high-yield figures to be more relevant to recent administrations of the exam. Addresses current practice with updated diagnosis and treatment guidelines.
