Dr. Ronald W. Dudek PhD : BRS Embryology (Board Review Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised BRS Embryology (Board Review Series):

0 of 1 people found the following review helpful. Great resource for MD studentsBy Ravi J.Kicked off my usmle-1 studying with this book. It is great for solidifying your anatomy and features some useful clinical content. Would not recommend using it during an organ-module situation, because the chapters are somewhat integrated and it is best saved for the end.1 of 2 people found the following review helpful. good text bookBy El Paso CowboyAs expected, good text book.2 of 10 people found the following review helpful. Five StarsBy katie bakkenRiveting! Read it cover to cover. Five stars... Will read again
