Worth the money!!!!By CustomerLike all of the BRS guides, these give very concise, to-the-point summaries are pretty much even topic you will cover in class. They are not all-inclusive like a textbook, but will definitely give you the overview you need while reviewing.1 of 1 people found the following review helpful. Publishers Note: Products purchased from 3rd Party sellers are not guaranteed by the Publisher for quality, authenticity, or access to any online entitlements included with the product. BRS Microbiology and Immunology is a popular volume in the Board Review Series for medical students. Written in a concise, readable outline format, this book is intended to cover topics most commonly tested on USMLE. Included are 300 to 500 review questions in the USMLE-style format, and a comprehensive examination.
