From Lippincott Williams and Wilkins : Brunner and Suddarth's Textbook of Medical-surgical Nursing of Suzanne C. Smeltzer 12th (twelfth) revised interna Edition on 01 December 2009 before purchasing it in order to gage whether or not it would be worth my time, and all praised Brunner and Suddarth's Textbook of Medical-surgical Nursing of Suzanne C. Smeltzer 12th (twelfth) revised interna Edition on 01 December 2009:

I was expecting to get the version of this book that had both volumes in one so far I've only received volume 2. Perhaps I should have read to see what all was included BEFORE I ordered the book. None the less when I finally read the description, there wasn't really much of anything to read. In fact, nowhere on the product page indicates the inclusion of both volumes of this book and the product picture made it seem as though both volumes would be in one text. As of right now I'm left in the dark. Am I

receiving volume one at a later date? Does this product delivery only consist of volume two? *sigh*
