**Suzanne C. Smeltzer : Brunner and Suddarth's Textbook of Medical-Surgical Nursing (Two Volume Set) Twelfth Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Brunner and Suddarth's Textbook of Medical-Surgical Nursing (Two Volume Set) Twelfth Edition:

60 of 63 people found the following review helpful. MISLEADING DESCRIPTION!! ONLY RECEIVED ONE OF 2 VOLUME.By Sammi nguyenWHERE IS MY VOLUME 2?!?! I recently opened up the package now that I'm in med-surg.. And realized I only have 1 of 2 volume! This is ludacris! Misleading product description! I need the second volume (which is continuous of volume 1) and don't have it! Very, very upset. It would be helpful to let customers know that they WILL HAVE TO BUY EACH VOLUME SEPARATELY INSTEAD OF SAYING IT'S A 2 VOLUME SET IF THAT'S THE CASE!3 of 3 people found the following review helpful. This book brought up my GPABy jadeThe book assigned for my nursing program was actually called Medical-Surgical Nursing: Assessment and Management of Clinical Problems, 9th Edition. This book I found to be hard to read, however, the brunner and suddarth book only stuck with the facts. I had taken tests using the other book ( I received two B's and a C) and after studying this book for my most recent exam I received an A! This book keeps things simple and I like the fact that i keeps repeating information it mentioned earlier in the chapter. This has a layering effect and reinforces the original teaching. It also comes with a disk with several questions that pertain to nursing intervention. I have found that some

nursing books focus too much on the biological concepts, whereas , this book focuses only what your job is as a nurse. It does no spend alot on background and it has lots of useful tables that go into detail about nursing diagnosis specific for the disease, what the interventions are and why.9 of 9 people found the following review helpful. I'd get the two volume set. This book is ...By P. StroupI'd get the two volume set. This book is too large and the binding started breaking apart the first week I had it.

Very good condition
