Cathy Thomas Hess, Hess : Clinical Guide to Wound Care before purchasing it in order to gage whether or not it would be worth my time, and all praised Clinical Guide to Wound Care:

0 of 0 people found the following review helpful. OverkillBy parkerpetIf you have time to dredge through pages and

pages of info., this book might be for you. I found this to be overkill and put it down after going back and forth trying to find something quickly. I would not recommend this to anyone.0 of 0 people found the following review helpful. I was disappointed that there weren't more pictures and wound care information ...By Laurie matsonI was disappointed that there weren't more pictures and wound care information itself instead of almost the entire book comparing types of dressings.0 of 0 people found the following review helpful. Five StarsBy LaCour55 CustomerA reference I use almost daily

The is the new Fourth Edition of the only all in one portable guide to wound care, healing strategies, and wound care products. Illustrated profiles of more than 250 products: trade name, product category, forms, action, indications, contra-indications, application, and removal are included as well as treatment guidelines and algorithms for selecting and using the most appropriate product for any wound.Expanded coverage of pressure, vascular, and diabetic ulcers; wound healing fundamentals; importance of nutrition; documentation, legal issues, reimbursement guidelines, evidenced-based standards of practice, outcome management, and much more. The book now includes payment codes, patient teaching tips, and also CME/CE credits
