**From Medmaster : Clinical Neuroanatomy Made Ridiculously Simple (MedMaster Series) by Goldberg, Stephen (1997) Paperback** before purchasing it in order to gage whether or not it would be worth my time, and all praised Clinical Neuroanatomy Made Ridiculously Simple (MedMaster Series) by Goldberg, Stephen (1997) Paperback:

2 of 2 people found the following review helpful. A Gem of a Book by Dr. GoldbergBy Sherry AinsworthThis is the granddaddy of the MRS books, written by the series originator, Dr. Goldberg. I got the earliest edition of this book in 1974, and learned from his explanations and the drawings. Now I'm back in college in the new century, and here he is still, and with an interactive CD to boot. Dr. Goldberg, thank you for your clarifying explanations and your influence on my career!7 of 7 people found the following review helpful. Great informative bookBy Miguel VelezI shared this book with a colleague and she informed me that many students have purchased thisbook and it has become very popular at the university. It should be used as a text book for undergrads.2 of 2 people found the following review helpful. Great Refresher!By DrCHExcellent refresher!! I am a craniocervical junction specialist and reviewing the

neuroanatomy helps me better explain concepts to my patients.
