The book seems very helpful. I had the book for about 4 weeks before I started to read it. You can tell it is a brand new book. Unfortunately, the book

is missing pages 17 - 48. They are torn out they are just missing. I called AHA Press they won't take it back. I paid \$45.00 for this book. I don't know what else to do. Of course, I through out my receipt once I received the book. Help.
