From Springer : Comprehensive Human Physiology, Vol. 1: From Cellular Mechanisms to Integration before purchasing it in order to gage whether or not it would be worth my time, and all praised Comprehensive Human Physiology, Vol. 1: From Cellular Mechanisms to Integration:

1 of 1 people found the following review helpful. WonderfulBy A CustomerAt the time that I bought the books, I thought "My goodness!". But as I read it, I understood why. The authors didn't leave any equation out of view. They even made them understandable.3 of 3 people found the following review helpful. This book is the one I've been looking for!!By Sung-Hoon KimThe intergral approach to physiology was very impressive. This book was written to

give you not only information, but also philosophy of life.
