Joanne Willey, Linda Sherwood, Christopher J. Woolverton : Connect and LearnSmart Labs Access Card for Prescott's Microbiology before purchasing it in order to gage whether or not it would be worth my time, and all praised Connect and LearnSmart Labs Access Card for Prescott's Microbiology:

0 of 0 people found the following review helpful. Awesome, high quality online labBy CheyenneThough I had no choice but to buy the card, I am glad that I did. This lab made my microbiology class a million times more interesting. It makes you go through step by step and properly perform each experiment. It made me feel like a kid again playing and learning at the same time.

Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, how they need it, so that your class time is more engaging and effective.
