Christopher D. M. Fletcher MD FRCPath : Diagnostic Histopathology of Tumors: 2-Volume Set, 2e (DIAGNOSTIC HISTOPATHOLOGY OF TUMORS (FLETCHER)) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Diagnostic Histopathology of Tumors: 2-Volume Set, 2e (DIAGNOSTIC HISTOPATHOLOGY OF TUMORS (FLETCHER)):

Presenting the newly revised and updated edition of Fletcher's renowned Diagnostic Histopathology of Tumors. This extensively referenced 2-volume work, is unique in its coverage of the subject, providing comprehensive information on the vast range of tumour types and most up-to-date biopsy methods currently used in pathology practice today. An abundance of new excellent-quality colour photos have been added to help illustrate important morphologic findings and relate these to their specific classifications. Nearly 3,000 superb full colour photographs clarify morphologic features. Correlates gross specimens to microscopic findings for virtually every tumour type. The approach and format of each chapter is consistent throughout - ensuring user-friendly, fast access to the information. Extensively updated to include new tumour types. New "Core needle biopsy" method is discussed in detail. Full coverage of all the latest classification schemes that are currently in use. All contributors are at the vanguard of modern pathology research and practice.
