**Springhouse, Lippincott : Diagnostic Tests Made Incredibly Easy!** before purchasing it in order to gage whether or not it would be worth my time, and all praised Diagnostic Tests Made Incredibly Easy!:

1 of 1 people found the following review helpful. Four StarsBy t menserEasy to read. Informative.1 of 1 people found the following review helpful. Handy!!By Tiffany FlatenThis book has been so helpful during Nursing School. It puts the tests in basic english so that you can have a general understanding and has handy normal ranges for labs in the back. Since we don't really get a lot of instruction on labs and diagnostics in my program, this book has been great for supplementing my education.0 of 0 people found the following review helpful. extremely helpfulBy katemarieII buy this brand books to help me in nursing school. they simplify things very well and give helpful hints in how to remember things. have bought many of these books and plan to buy many more.

This brand new addition to the Incredibly Easy! Series(TM) makes understanding and interpreting diagnostic procedures a snap. Provides coverage of over 300 diagnostic tests in fifteen chapters in an easy-to-read format featuring light-hearted headings and illustrations. Chapters are organized by test type and begin with a summary of key

points. Includes general descriptions of each test, purpose, patient preparation, teaching and care, procedural steps, precautions, normal results, clinical significance of abnormal results, and factors that interfere with accuracy. Key terms, bullets and checklists, logos, and cartoon characters call special attention to the text. Each chapter ends with a quick quiz.
