**David G. Smith, Michael P. Schenk : Dissection Guide Atlas to the Rat** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dissection Guide Atlas to the Rat:

0 of 0 people found the following review helpful. GoodBy CustomerDelivered on time! And the books likes a new book! Good2 of 3 people found the following review helpful. NOT really 'Mandatory'By Miss Melissalt's okay, not quite essential, don't let your professor tell you otherwise. Honestly it was opened once in two semesters time. Google or youtube were of better assistance. ; )0 of 1 people found the following review helpful. Four StarsBy Hannah RupardI didn't know that the pages weren't connected. However, they fit right into my three ring binder.

A Dissection Guide and Atlas to the Rat by David G. Smith and Michael P. Schenk is designed to provide students with a comprehensive introduction to the anatomy of the rat. This full-color dissection guide and atlas gives the student carefully worded directions for learning basic mammalian anatomy through the use of a rat specimen. 3-hole

drilled.
