Lois Duncan : Don't Look Behind You before purchasing it in order to gage whether or not it would be worth my time, and all praised Don't Look Behind You:

8 of 8 people found the following review helpful. Different than beforeBy EmilyI read this book in grade school and remembered loving it, so with my new Kindle I decided to download it again. They changed it! All the dated references were changed to make it read like it's current. Instead, it just reads like a cheap remake.1 of 1 people found the following review helpful. Don't Look Behind You by Lois DuncanBy katie f.I am rereading all Lois Duncan

books. This was good but not one of my favorites. Involved the Witness Protection Program but very entertaining and a quick read. 1 of 1 people found the following review helpful. Fantastic! By Vivipineda I really enjoyed this one. Lois Duncan is amazing!!! She is by far one of my favorite authors. Great storyteller

April Corrigan's life is turned upside-down when she when she learns that her father has been working secretly undercover for the FBI. When his testimony convicts a notorious drug dealer, the whole family must relocate and enter the Federal Witness Security Program. April's entire way of life changes--not just her name. And when she attempts to communicate with her boyfriend, an agent is killed. With thrills, chills, and a high-speed cross-country chase, master suspense writer Lois Duncan will leave readers breathless!

From School Library Journal Grade 6-9-- Undoubtedly a master of suspense, Duncan has written a spellbinding tale of uniquely contemporary horror. Seventeen-year-old April Corrigan's life ends abruptly when she learns that her airline executive father has been working secretly undercover for the FBI. Now his testimony against a notorious drug dealer has placed the whole family in danger, and April and her family are quickly relocated under the Federal Witness Security Program. What begins as a temporary measure soon must become a way of life. April, an ace tennis player, has to stop playing tennis; her mother must give up a lucrative career as a children's author; their names are changed; and April's naive attempt to communicate with her boyfriend causes the violent death of an agent. The entire book is fast-paced and enthralling, but the conclusion will have readers on the edge of their chairs. April and her grandmother get involved a high-speed cross-country chase which culminates in the death of a hit man. Although some readers will not be able to imagine having to sever completely all ties with their past, they won't be able to put this book down. Don't Look Behind You is filled with booktalk potential. --Jeanette Larson, Mesquite Public Library, Tex. Copyright 1989 Reed Business Information, Inc. From the Publisher How can April give up her name, her friends, her boyfriend Steve, and everything she's ever known? April Corrigan feels like her life is over when she learns that her father has been working undercover for the FBI and the family must relocate under the Federal Witness Security Program. No one can reach them now... or can they? From the Inside Flap How can April give up her name, her friends, her boyfriend Steve, and everything she's ever known? April Corrigan feels like her life is over when she learns that her father has been working undercover for the FBI and the family must relocate under the Federal Witness Security Program.
