Evie Kendal : Equal Opportunity and the Case for State Sponsored Ectogenesis before purchasing it in order to gage whether or not it would be worth my time, and all praised Equal Opportunity and the Case for State Sponsored

Ectogenesis:

Ectogenesis refers to the artificial gestation of a fetus outside the womb. Despite certain advantages for women's reproductive liberty, feminist groups remain divided regarding this technology. This book argues that reproduction imposes unjust burdens on women, and thus the ideals of equal opportunity demand continued research into ectogenesis.

About the Author Evie Kendal is an Assistant Lecturer with Monash University's School of Public Health and Preventive Medicine at the Alfred Centre, Melbourne, Australia. She also teaches for the School of Philosophical, Historical and International Studies, the Centre for Human Bioethics, and the School of Languages, Literatures, Cultures and Linguistics at Monash.
